PRODUCTS

Time and time again. We have heard it. "Our parents are tired of buying and selling products that are not of good quality and over-priced. Products they can buy at the dollar store."

WELL TIMES HAVE CHANGED!!

Take a look at our new fall 2010 brochure, "THE HOLIDAY COLLECTION", and you can see for yourself. All of our products are of the highest quality and many of them EXCLUSIVE to us. We were willing to step out and put together a program that is unique and you can be proud of. And all of our products come with a consumer guarantee and are very reasonably priced. (If you see items in another brochure compare both the price and size. They may look alike but they are not. I am confident that you will see our prices are the BEST)

After being in business for over 25 years and a long term member of Association of Fund Raising and Direct Sellers (AFRDS), you can be sure that we can help your organization reach its' goal! With our company staff at your side, you can have a successful drive with as little as one person!!

We offer this program to you in TWO ways:

- **HOME DELIVERY PROGRAM.** You simply collect the money and orders and you are finished!! No trucks or deliveries to disrupt the school schedule. All orders are shipped directly to the seller's home. No parent calls to the school. We handle all phone calls and problems. Simply call our 800 number.
- **SHIP TO THE ORGANIZATION PROGRAM.** The entire order will be delivered to the organization and packed by student/class.
